

Attendee Testimonials

“You get to see what’s new, what’s trendy, which booth’s are booming, where people are going, what’s attracting people. We do this every year, I’ve done it for 25 years – we’ve come since it began.”

Donna Wynn | Optician

“Seeing the diversity and the fashion and everything, and just the people that you meet and the contacts that you make and all of that sort of stuff – it’s wonderful.”

Charlene Bickell | Optician

“Without a show like this I would have a much more difficult time being up to date in my industry and because I like to think of our company as a leader in the design of the offices; we have to keep up – if we don’t keep up we’re no where.”

Barbara Wright | Attendee

“It is just an amazing eye opener to see the industry from so many different angles, to see the different products, to meet designers and the people who have such a passion and heart for the business.”

Larry Hosegood | Attendee

“Beautiful presentation [In The Underground] and as always very avant-garde material that is always exciting. It’s of course always nice to see something innovative and creative - never fails at this show.

Michael Infuso | Attendee

Exhibitor Testimonials

“Vision Expo East has always been the biggest Expo of our industry. Everybody gathers from all over the country, all of the companies are together in one place so it’s really the best place to come and see everybody’s products and new introductions for the season and make it easy for buyers to do their whole shopping for the year in one place.”

Lori Robinson | Legacie Eyewear

“Everyone that is represented here [The Galleria] is a little more boutique, hard to find; we have a different type of person that is shopping here and wanting to connect to our design.”

Douglas Dowers | IC! Berlin America

Exhibitor Testimonials (*continued*)

“Right now I’m in pretty much the best accounts in the US and I wanted to have a more international crowd. So I thought Vision Expo International 2011 – why not the big apple...this is the greatest best place on earth to showcase your goods and I think I’m attracting customers from all over the world and that’s why I came to the show.”

Tom Cody | ZERO G Eyewear
